SIERRA RF

Represents the Following Companies:

Mini-Circuits

www.minicircuits.com

Mini-Circuits is a Global Leader in RF/Microwave Products up to 95 GHz

- Components like Amplifiers, Attenuators, Bias Tees, Cables, Couplers, Filters, Mixer, Multipliers, Matching pads, Phase Shifters, Power Detectors, Switches, Transformers and VCOs
- Test Solutions for Signal Routing, Signal Generation, Programmable Attenuators, etc.

QuaLynxus

www.qualynxus.com

QuaLynxus (QLX) is a major supplier of Front End Modules (FEM) for WiFi and IoT as well as WiFi filters and mmWave sensors.

- Front End Modules (FEM) for WiFi 5/6/6E/7, IoT (800, 900 and 2400 MHz)
- Ultra Narrow WiFi Isolation Filters
- mmWave Sensors at 24 GHz
- QuaLynxus' supplier is worldwide No. 3 in all WiFi FEM shipments after Skyworks and Qorvo. No. 1 in WiFi 7 FEM shipments

GetWireless

www.getwirelessllc.com

GetWireless is a leading value-added distributor of cellular solutions that connect the Internet of Things. They handle distribution and support for the following leading brands:

Sierra Wireless – Embedded modules, industrial and ultra rugged cellular gateways, antennas

Telit – Embedded cellular modules

Airgain NimbeLink – Fully carrier certified embedded modems

Option – Expandable gateways that bring your special protocol to the cell network (RS485, CANbus, LoRa, Zigbee, Emerson Paksense, Honeywell Enacto,….)

BiPOM Electronics – LoRa and Cellular Sensors, LoRaWAN gateways, expansion slots for Option, Remote monitoring and control

Peplink – Cellular Gateways, 5G, LTE Cat 4 to Cat 20

Antennas – 2J, Taoglas, Sierra Wireless and Peplink

TENNMAX

www.tennmax.com

Innovative EMI and Thermal solutions:

- Form in place gaskets (FIP)
- Gap Filler Thermal Pads, Isolation Pads
- Dispensable Thermal Jelly
- Solve your thermal problem with heat pipes
- Metallization of plastic
- EMI gaskets and conductive silicon sheets

ALLTEST Instruments, Inc.

www.alltest.net

- Used and refurbished test equipment
  - RF, Microwave, Optical and DC test equipment, data acquisition, …
  - Keysight (Agilent, HP), Rohde&Schwarz, Tektronix, Fluke, Anritsu, Keithley, Marconi, Boonton, ….
- Rent, lease, buy, service and repair
- New and used environmental chambers
- Purchase of test equipment for cash or store credit

AgileCalibration

www.agilecalibration.com

- Calibration of RF, Microwave, DC and optical test equipment, up to 67 GHz
  - Keysight, Anritsu, Tektronix, Keithley, Fluke, Viavi, Yokogawa, etc.
- Mail-in Calibration (ship to Philadelphia) or on-site (on case-by-case basis)

Karl Haiden
Field Applications Engineer

1050 Ragley Hall Road NE
Atlanta, GA 30319

karl@sierrarf.com
(678) 488 - 3159

AL, FL panhandle, GA, MS, TN

Cody Lane
Field Sales Engineer

1307 E Hargett St.
Raleigh, NC 27610

cody@sierrarf.com
(919) 622-4021

NC and SC

Sierra RF is headquartered in Atlanta, GA and serves the following states:

- Alabama
- Florida Panhandle
- Georgia
- Mississippi
- North Carolina
- South Carolina
- Tennessee

www.sierrarf.com

Sierra RF, Inc

SIERRA RF

Represents the Following Companies:

Mtron™ Innovative RF Solutions

www.mtron.com

Mtron offers a wide range of precision frequency and spectrum control solutions including:

- RF, microwave and millimeter wave filters
- cavity, crystal, ceramic, lumped element (LC) and switched filters
- high performance and high frequency OCXOs, integrated PLL OCXOs, TCXOs, VCXOs, low jitter and harsh environment oscillators and clocks
- crystal resonators, Integrated Microwave Assemblies (IMA) and state-of-the-art solid state power amplifier products

Mtron is a publicly traded company (NYSE:MPTI).

SLK®

www.slkcorp.com

Superlink Technology designs and manufacturers low cost and reliable interconnect products:

- RF connectors, cables, cable assemblies and adapters up to 110 GHz, 50 and 75 Ohms
- Non RF or hybrid cable harnesses
- RF Surge and lightning protectors
- Used in Wireless, Microwave, CATV, Automotive, Industrial and Medical Industries

AGC

Taconic

- RF high performance ceramic filled or woven glass reinforced PTFE Laminates
- Hydrocarbon Laminates

www.agc-multimaterial.com

AGC Nelco

- Laminate PCB Materials for high layer count
- High speed, low loss materials digital and RF/ Microwave designs
- Modified epoxies/FR-4, APPE, BT, polyimide, cyanate ester and PTFE substrates

www.agc-nelco.com

ANTENNA TEST LAB
Experience. Expertise. Insight.

www.antennatestlab.com

Low Cost and Top Service Antenna and Wireless Equipment Measurement

- Various Antenna Measurements from 300 MHz to 40 GHz.
- Passive Antenna Gain, VSWR, Efficiency, etc.
- Transmitter EIRP, Live Antenna Testing
- Pricing starts at $ 525 (3D or 2D plots in standard resolution), Add Ons $ 150 – $ 500

RFspace

www.rfspace.com

Low Cost Ultra-Wideband Antennas

- 300 MHz to 12 GHz
- Vivaldi, LogPeriodic, etc.

FUSIONWORLDWIDE

www.fusionww.com

Fusion Worldwide is a Premier Technology Sourcing Distributer.
Our global team specializes in sourcing the hardest to find electronic components and finished products. Fusion Worldwide supports a variety of verticals including Personal and Enterprise Computing, Automotive, CMs, ODMs, and more.

Our Product Portfolio Includes:
CPUs, ICs, GPUs, Memory, Storage, Finished Products, and more
